

PADDON RALLY FOUNDATION

OVERVIEW & FUNDING

OBJECTIVE

The objective of the Paddon Rally Foundation is to encourage the growth of the sport Rallying in New Zealand by assisting aspiring competitors from Club Level, National Level and where appropriate and possible, at International Level. In order to achieve this objective the Foundation has adopted a strategy, commencing in 2017, to annually assist as many competitors as possible at all levels of the sport in order to build the profile of the Rallying throughout New Zealand.

LEVELS AND CATEGORIES

There will be four categories for funding applications for drivers, co-drivers and car clubs, and they, together with approximate allocation of available funding, are:

- Club/Novice 25%
- Rally (all levels) 25%
- National/International Rally 30%
- Car Club 20%

APPLICATION CRITERIA

Together with this Overview you will find the individual application forms for each category. These forms detail the application criteria, what you can apply for and, if successful what obligations you have. So that there is no misunderstanding over these matters, in particular the obligations you will have if successful, you are encouraged to read through the complete set of documents carefully.

FUTURE FUNDING

The successful Applicants will be selected on a range of criteria including commitment, motivation, goals, and importantly results. Successful Applicants may re apply for further funding in subsequent years. There will also be a reward funding scheme whereby a successful Applicant who achieves his or her goals or outstanding results will be eligible to receive a percentage of the original amount of granted funds for the following season, funds permitting.

Paddon Rally Foundation is made possible thanks to the support of Hayden Paddon Rallysport Global (HPRG), Foundation personal and commercial partners and the board.
